

Why should I or my child be interested in Premier soccer?

The Cleveland Blues is a Premier soccer program that provides training and development to qualified players to assist them in advancing to play at the highest levels of play available. Many high school and college teams are chiefly comprised of players who have demonstrated their ability through Advanced Development Programs. If your child has progressed through recreational or travel soccer and wants to take their game and skills to the next level, Cleveland Blues Premier Soccer Club can take them as far as they want to go.

We are proud of our coaching staff. Their qualifications and training sessions are of the highest priority to the club and our success.

Why the Blues

At the Cleveland Blues, we aim to instill a love for the game in our young players, and we look to cultivate that passion as each player matures. We build pride in our individuals, our teams, and our club. We foster an environment that allows each player to experience participation through the thrill of competition, and the challenge of improvement. The Blues Staff take pride in the growth of club members as athletes, students, and responsible young men and women.

Our philosophy at the Cleveland Blues is to develop confidence and skill in each player. We emphasize attitude, teamwork, and decision making abilities in our players. These lessons contribute to knowledge of the game and the leadership skills that are necessary elements in all team sports. The primary focus of our club is player development.
